

Join the IoD Canterbury Branch Committee!

We're on the lookout for new faces to join the [IoD Canterbury Branch Committee](#) this year! With some members stepping down due to regular rotation and personal circumstances, we have at least three vacancies with no incumbents re-standing. An election will take place at our [AGM on Monday 17 March](#).

Why join?

Our branch committees are the vital link between the IoD and its local members, shaping opportunities for governance education, networking, and support. While the IoD is governance-focused, our Branch Committee roles are hands-on, working closely with our Branch Manager and Executive to bring initiatives to life.

What we're looking for

We need enthusiastic, proactive individuals who can contribute to our branch's success. To ensure we reflect the diverse membership of our region and to support the strategic direction of IoD nationally, we strongly encourage nominations from Māori, Pacific peoples, women, and members under 40. In particular, we would love to hear from members with:

- Connectedness with Māori and/or Pacifica communities and related governance roles
- Senior governance experience on the boards of large entities
- Experience in technology related governance

Commitment & next steps

Being part of the committee requires a commitment of around five hours per month, including event attendance. It's a fantastic opportunity to build your profile, expand your network, and contribute to the governance community. Not to mention your ability to support your CPD by earning points for each event you attend.

Interested? Get in touch with any current committee member, including our Branch Chair, [Lloyd Mander](#), to learn more. To receive a nomination form, contact our [Branch Manager](#).

Nominations close on Friday 7 March – don't miss your chance to get involved!
